December 2019

Dear Business Leader:

The *Jr. Northstar Girls Basketball Program* is a basketball development program for 3rd – 8th grade girls designed to teach the essential basketball skills and fundamentals needed to be successful at the next level. This is accomplished through weekly practices, as well as League and Tournament games throughout the months of October – April.

Every February, our *Jr. Northstar Girls Basketball Program* runs what is considered one of the best girls youth basketball tournament in southeastern Wisconsin, the ****Shoot for the Stars Girls Basketball Tournament****. It's hosted at Waukesha North High School and consists of approx. 48 teams, bringing in upwards of 1,500 people. We have traditionally assembled a very nice Tournament Program and have asked for advertising sponsorships for that weekend event. We would like to expand our sponsorship program to be a year-long endeavor. In addition to the Tournament Program, our organization holds many events throughout the season where there would be opportunities to display your generosity to our girls basketball program. We would help promote your business by including your logo on various promotional items, have it prominently displayed on our www.WNGBC.org website, as well as advertised throughout the tournament in our event-specific app of attendees' mobile smart devices.

Our *Jr. Northstar Girls Basketball Program* has also seen a significant increase in 3rd graders wanting to be part of our basketball family. So... , our organization decided to host and run its own 3rd grade girls basketball league!

Your potential contribution will help us raise money which will be put back into the *Jr. Northstar Girls Basketball Program* to help purchase basketballs and other coaching supplies along with being able to provide the 3rd – 8th grade Jr. Northstar girls with additional practice and playing time, which is one of the goals of our organization.

We are very excited about our 14th Annual Shoot for the Stars Tournament to be held in February of 2020 and the sixth season of our 3rd grade girls basketball league, and appreciate any help your organization can lend us. We greatly appreciate your generosity.

Sincerely,

Scott Osborn
